Ohio High School Conference Membership

As of August 2011, there are 76 conferences in the state of Ohio, in addition to 30 independent schools. Twenty-three conferences have divisional breakdowns. Some schools are members of more than one conference, based on sport. Those respective schools' information will appear in both conference listings. The information in parentheses following school names represents female enrollment, male enrollment and county of school.

The data for this report came from the 2009-10 OHSAA school directory. The report was compiled by Brad Pettiford, a graduate student in the Ohio State University Sport Management Program, and edited by Brittney Jarvie, OHSAA Sports Information Intern. It has been updated for the 2011-12 school year by Kristin Daugherty, OHSAA Sports Information Intern, and Tim Stried, OHSAA Director of Information Services.
